  3. Cosmetic, elective or aesthetic dentistry except as required due to accidental bodily injury to sound natural teeth as determined by the Plan.
  4. Oral surgery requiring the setting of fractures or dislocations.
  5. Services with respect to malignancies, cysts or neoplasms, hereditary, congenital, mandibular prognathism or development malformations where, in the opinion of the Plan, such services should not be performed in a dental office.
  6. Dispensing of drugs.
  7. Hospitalization for any dental procedure.
  8. Treatment required for conditions resulting from major disaster, epidemic, war, acts of war, whether declared or undeclared, or while on active duty as a member of the armed forces of any nation.

  13. Services performed by a Participating Specialist without a referral from a Participating General Dentist (with the exception of Orthodontics). Participating dentists should refer to Specialty Care Referral Guidelines.
  14. Elective surgery including, but not limited to, extraction of non-pathologic, asymptomatic impacted teeth as determined by the Plan. The prophylactic removal of these teeth for medically necessary orthodontia services may be covered subject to review.
  15. Non-medically necessary orthodontia and Phase I Treatment for medically necessary orthodontia are not covered benefits under this policy. Discounts are provided to members through the Plan's agreements with its participating orthodontists. The provider agreements create no liability for payment by the Plan, and payments by the member for these services do not contribute to the Out-of-Pocket Maximum. The Invisalign system and similar specialized braces are not a covered benefit. See limitation #25 concerning medically necessary orthodontia.

Current Dental Terminology © American Dental Association. Only current ADA CDT codes are considered valid by Dominion. For a full description of each code, please consult the ADA's CDT guidelines.

- Specialty care is provided at the listed copayment whether performed by a Participating General Dentist or a Participating Specialist.
- See exclusion #11 and limitation #25 for additional coverage information.

## **Plan Exclusions**

Please refer to the section in your Certificate of Coverage titled "State-Specific Exclusions" for additional exclusions, if applicable.

1. Services which are covered under worker's compensation or employer's liability laws.
2. Services which are not necessary for the patient's dental health as determined by the Plan.
3. Surgery or related services for cosmetic purposes to improve appearance, but not to restore bodily function or correct deformity resulting from disease, trauma, or congenital or developmental anomalies.
4. Oral surgery requiring the setting of fractures or dislocations.
5. Dispensing of drugs.
6. Hospitalization for the following: the operation or treatment for the fitting or wearing of dentures; orthodontic care or malocclusion, operations on or for treatment of or to the teeth or supporting tissues of the teeth, except for the removal of tumors and cysts or treatment of injury to natural teeth due to an accident if the treatment is received within 6 months of the accident; and dental implants.
7. Treatment required for conditions resulting from major disaster, epidemic, war, acts of war, whether declared or undeclared, or while on active duty as a member of the armed forces of any nation.

11. Non-medically necessary orthodontia is not a covered benefit under this policy. Orthodontia services are only provided for severe, dysfunctional, handicapping malocclusion. The provider agreements create no liability for payment by the Plan, and payments by the member for these services do not contribute to the Out-of-Pocket Maximum. The Invisalign system and similar specialized braces are not a covered benefit. See limitation #25 concerning medically necessary orthodontia.

  4. Oral surgery requiring the setting of fractures or dislocations.
  5. Services with respect to malignancies, cysts or neoplasms, hereditary, congenital, mandibular prognathism or development malformations where, in the opinion of the Plan, such services should not be performed in a dental office.
  6. Dispensing of drugs.

  14. Elective surgery including, but not limited to, extraction of non-pathologic, asymptomatic impacted teeth as determined by the Plan. The prophylactic removal of these teeth for medically necessary orthodontia services may be covered subject to review.
  15. Non-medically necessary orthodontia is not a covered benefit under this policy. A discount is provided to members through the Plan's agreements with its participating orthodontists. The provider agreements create no liability for payment by the Plan, and payments by the member for these services do not contribute to the Out-of-Pocket Maximum. The Invisalign system and similar specialized braces are not a covered benefit. See limitation #24 concerning medically necessary orthodontia.
